

Beanstalk Table Runner

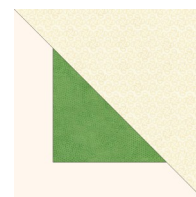

This cheery 18" x 45" table runner is just perfect for summer!

Requirements:

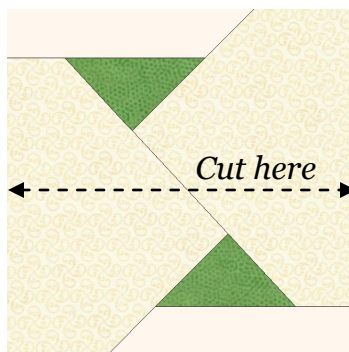

- 1/4 yard white fabric, cut into (3) 9" x 9" squares.
- 1/2 yard green fabric, cut into (1) strip 7-1/2" wide by the width of fabric. Cut that strip into (3) x 7-1/2" x 7-1/2" squares and (12) 3-1/2" x 3-1/2" squares. You will also need (4) strips 2-1/2" wide by the width of fabric for the binding.
- 1/2 yard sunflower fabric, cut into 4 strips 3-1/2" wide by the width of fabric. From these strips, cut (6) 6-1/2" x 3-1/2" rectangles, (2) 39-1/2" x 3-1/2" rectangles and (2) 18-1/2" x 3-1/2" rectangles.
- 1/4 yard stripe, cut into (3) strips 2" wide by the width of fabric. Cut these strips into (2) 36-1/2" x 2" rectangles and (2) 12-1/2" x 2" rectangles.
- A Quilt-in-a-day Small Flying Geese Ruler ruler # 2006CC

Start by making the Flying Geese. Place a square of the green right sides together with a square of the white, roughly centered on the larger square. Draw a line through the diagonal of both squares. Pin carefully, then sew 1/4" on either side of the diagonal and cut on the line. (left) Press to the larger triangle. (right)

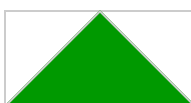

Lay your two odd shaped squares on top of each other, right sides together, matching the corners of the smaller triangle with the corners of the larger one. The seams WILL NOT touch each other. It's okay, really.

Once again, draw a line on the diagonal (crossing the center seam), pin carefully, and sew 1/4" on either side of the line. Cut on the line. You should end up with a unit that looks like the one to the left. Make a small clip in the center so you can press both sides away from the goose.

Now just cut this unit in half and square it up using the Flying Geese ruler. It should measure 3-1/2" x 6-1/2".

Using the (3) 9" x 9" white squares and the (3) 7-1/2" x 7-1/2" green squares, make (12) Flying Geese units.

Draw a diagonal line on the back of all the 3-1/2" x 3-1/2" green squares. Place one of these squares right sides together with a 6-1/2" x 3-1/2" sunflower rectangle so that the diagonal line goes from the upper left corner to the right side. (diagram 1)

Sew on this line and trim 1/4" to the right. (diagram 2) Press the triangle to the upper right, making the block a rectangle again. (diagram 3) Repeat this process in the lower half of the rectangle. (diagram 4 and 5) Make 6 of these blocks and press to the center.

Diagram 5

Sew a Flying Goose block to both sides of these blocks. Make 6 groups. Sew these groups end to end, finger pressing the seams in alternate directions. Press from the back, taking care not to twist any seams. Your beanstalk should measure 36-1/2" x 9-1/2".

Sew the (2) 36-1/2" x 2" stripe rectangles to both sides of your beanstalk. Press to the stripe. Sew the (2) 12-1/2" x 2" stripe rectangles to the top and bottom. Press to the stripe.

Sew the (2) 39-1/2" x 3-1/2" sunflower rectangles to both sides of your beanstalk. Press to the sunflowers. Sew the (2) 18-1/2" x 3-1/2" rectangles to the top and bottom of your beanstalk. Press to the sunflowers.

You are done! Press your entire table runner top, and pin it to the wall for a few days so you can enjoy it and your family can praise you. Quilt as desired, then bind with the green fabric. Don't forget to sign and date your work on the back.

Enjoy!

The Fine Print: You may make one copy of this pattern for your personal use only. You may make any number of quilts for your own use or gifts, and up to ten quilts for sale. You may publicly display this quilt in any venue and enjoy the winnings you are sure to receive. Please credit this pattern on your label. All rights reserved. Thank you! Questions or comments?
